

# SANITATION SERVICE AUTHORITY

2<sup>nd</sup> Floor NPC Building,  
Willey, St. Michael,  
Barbados

November 17, 2021

To All Bidders,

## TENDER DOCUMENT FOR THE PROCUREMENT OF A STATIONARY DOUBLE SHAFT INDUSTRIAL TIRE SHREDDER

### Addendum No.1

This Addendum Consist of 1 page

**Date** : November 17, 2021

**To** : All Bidders

Please confirm that you have received this Addendum by calling the Sanitation Service Authority at (246) 535-5000

Please make the changes/additions to the Tender Document and acknowledge receipt of this addendum in the TENDER at Section 2, Item 2.5

**All tenderers shall note the following, and consider the same in their tender submissions:**

### **2. TECHNICAL REQUIREMENTS**

#### **2.5 On site building (workshop)**

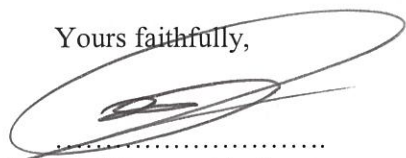

*“A open-aired structure is required for this project; therefore, all tenderers should specify the minimum dimensions required for the work area (length, width and clearance height) this should also include the minimum floor foundation capacity and typical scale layout.”*

**That clause is now edited to read**

#### **2.5 On site building (workshop)**

The proponent is required to construct an open-aired structure to house the work area using durable materials such as structural steel or reinforced concrete, this should also include the specified floor and foundation capacity to facilitate operation of the Shredder and its component/accessories. This facility must feature all requisite amenities such as plumbing, storage, lighting, etc, to appropriate safe working conditions.

Yours faithfully,

  
.....  
for Manager (Ag.)
